Element 1.1 Family and Stakeholder Engagement

Family and stakeholder engagement is critical to developing a schoolwide program. A diverse group of families/parent leaders (including parents of English Learners and students with disabilities) will provide input on the development of the schoolwide plan by offering or connecting families/parents to training to enhance the instructional program and academic achievement of all students at the school. The school will make changes to the schoolwide plan based on input from families/parents.

Description of How Schools Will Implement Required Family and Stakeholder Engagement SIP Components

1. South Larose Elementary will prepare a diverse group of families/parent leaders (including parents of English Learners and students with disabilities) to provide input on the development of the schoolwide plan by:
 - Using Bullpup Club responses to increase family engagement
 - Schoolwide surveys
 - Open forum meetings to gain knowledge of parent expectations and needs for students.
 - Conversations between teachers, administrators, and parents
 - Core team meetings
2. South Larose Elementary will involve parents in the process of reviewing their Schoolwide Improvement Plan (SIP) by:
 - Hard copy of plan will be available in lobby
 - School website
 - Goals on home/school compact
3. South Larose Elementary will provide parents of participating students information about Title I, Part A programs that includes a description and explanation of the school's curriculum, the forms of academic assessment used to measure children's progress, and the proficiency levels students are expected to meet by:
 - Introduction to interventions letter
 - Conferences (either virtually, in person, or via phone)
 - School compacts, including information on school website and on social media page
 - Open House
4. South Larose Elementary will provide opportunities for parent meetings, when requested, to formulate suggestions and to participate, as appropriate, in decisions about the education for their children. The school will respond to any such suggestions as soon as practicably possible by:
 - Brainstorming ideas to implement suggestions, if practical
 - Conferencing with parents/stakeholders
5. The school will provide assistance to parents of students served by the school, as appropriate, in understanding the following topics:
 - The state's academic content standards
 - The state and local academic assessments including alternate assessments
 - How to monitor their child's progress
 - How to work with educatorsSouth Larose Elementary will assist parents by:

- Presenting information at Parent Night
 - Communicating with parents in the first semester
 - Sending home information in regards to logging in to Student Progress Center.
 - Parents will also be encouraged to view tutorials purchased to aid in their understanding to better help their children.
6. South Larose Elementary will provide materials and training to help parents work with their children to improve their children's academic achievement, such as literacy training by:
 - Literacy nights
 - Homework help
 - Parent/child workshops
 - Parent Conferences
 7. South Larose Elementary, with the assistance of its parents, will educate its teachers, support personnel, and school leaders in the value of parents/families, and in how to reach out to, communicate, and work with parents, as equal partners, to build ties between the parents and the school by:
 - Counselor presentations on PD days
 - Timely articles sent to staff
 - Faculty professional development.
 8. South Larose Elementary will, to the extent feasible and appropriate, coordinate and integrate parental engagement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other programs such as parent resource centers by:
 - Providing pre-k/k transition, 5/6 transition
 - Parent resource items
 - Intervention programs
 - Information sent to parents to view either teacher lessons or lessons from a purchased database.
 9. South Larose Elementary will ensure that information related to school and parent/family programs, meetings, and other activities is sent to the parents/families in a format and, to the extent, practicable, in a language the parents can understand by:
 - Sending notes home in the native language
 - Providing translators if necessary.
 10. South Larose Elementary will provide other reasonable support for parental engagement activities under Title I, Part A at parent(s) request.
 11. As a component of the school-level parental engagement component of the schoolwide plan, each school will jointly develop, with parents for all children served under this part, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement.
 - A copy of the South Larose Elementary grade – level compacts distributed to ALL parents on or before September 22, 2023.
 - Copies upload to Title I Crate

12. Examples of changes made to the schoolwide plan based on input from families, parents, and stakeholders include:

- More parental/family involvement activities
- Focus on communication between staff
- Focus on student to student interaction in lessons

Element 1.2: Comprehensive Needs Assessment

The needs assessment is critical to developing a schoolwide program. The needs assessment reveals the priority areas in which the program will focus. The needs assessment guides the development of the comprehensive schoolwide plan, suggests benchmarks for its evaluation, and as such, is closely linked to all aspects of schoolwide program implementation. The comprehensive needs assessment is based on academic information about all students in the school, including at risk students; students from diverse racial and ethnic groups; students with disabilities; English Language Learners (ELs) and migrant students.

- SLES will build a positive culture and climate by creating a school environment that is positive, welcoming, friendly, safe and orderly.

Element 1.3: Strategies for Improvement

Schoolwide strategies are essential to the schoolwide planning process. Using the information from the comprehensive needs assessment, the schoolwide plan must describe the strategies the school will implement to address its needs, including a description of how the strategies will:

1. Increase the amount and quality of learning time
2. Help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education, and
3. Include strategies to address the needs of all children in the school, but particularly the needs of children at risk of not meeting the state standards.
4. Use methods and instructional strategies that strengthen the academic program in the school
5. Include interventions and strategies to increase student achievement in underperforming subgroups. Be sure to address all strategies.

Element 1.4: Student Support Services

ESSA considers the integration of direct and support services as a means of helping at risk students meet state standards. Similarly, but more student specific in nature, services and supports are readily provided under the Individuals with Disabilities Education Act (IDEA) as part of receiving a free appropriate public education. Under new ESSA requirements, counseling services, mental health programs, specialized instructional support services, and mentoring services should be considered and made available to students if the need is present in the comprehensive needs assessment results.

Element 1.5: Student Opportunities

The evaluation of postsecondary education and the workforce is noted as a consideration when developing activities for improvement in the schoolwide plan. Preparation for and awareness of opportunities for postsecondary education credit while still in high school (such as advanced placement, industry based, dual or concurrent enrollment, or early college high schools), are all worthy of consideration when addressing the needs of all students, particularly at risk students.

State of Louisiana Critical Goals: Louisiana Students will:

- Students enter kindergarten ready
- Students will achieve Mastery level on third-grade assessments and enter fourth grade prepared for grade-level content
- Students will achieve Mastery level on eighth-grade assessments and enter ninth grade prepared for grade-level content
- Students will graduate on time
- Graduates will graduate with a college and/or career credential
- Graduates will be eligible for a TOPS award

The educational priorities include the following:

- Ensure every student is on track to a professional career, college degree, or service.
- Remove barriers and create equitable, inclusive learning experiences for all children.
- Provide the highest quality teaching and learning environment.
- Develop and retain a diverse, highly effective educator workforce.
- Cultivate high-impact systems, structures, and partnerships

Implementing a Schoolwide Program as defined in the USDOE Non-Regulatory Guidance, SUPPORTING SCHOOL REFORM BY LEVERAGING FEDERAL FUNDS IN A SCHOOLWIDE PROGRAM (pg. 3-4 and 7-8)

There are three required components of a schoolwide program that are essential to effective implementation: conducting a comprehensive needs assessment, preparing a comprehensive schoolwide plan, and annually reviewing and revising, as necessary, the schoolwide plan.

- Conducting a **comprehensive needs assessment**. To ensure that a school's comprehensive plan best serves the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards, the school must conduct a comprehensive needs assessment. (ESEA section 1114(b)(6)). Through the needs assessment, a school must consult with a broad range of stakeholders, including parents, school staff, and others in the community, and examine relevant academic achievement data to understand students' most pressing needs and other root causes. (ESEA section 1114(b)(2); 34 C.F.R. § 200.26(a). Where necessary, a school should attempt to engage in interviews, focus groups, or surveys, as well as review data on students, educators, and schools to gain a better understanding of the root causes of the identified needs.

- Preparing a **comprehensive schoolwide plan** that describes how the school will improve academic achievement throughout the school, but particularly for the lowest-achieving students, by addressing the needs identified in the comprehensive needs assessment. (ESEA section 1114(b)(7)). The schoolwide plan must include a description of how the strategies the school will be implementing will provide opportunities and address the learning needs of all students in the school, particularly the needs of the lowest-achieving students (ESEA section 1114(b)(7)(A)(i), (iii)). The plan must also contain descriptions of how the methods and instructional strategies that the school intends to use will strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, including programs and activities necessary to provide a well-rounded education. (ESEA section 1114(b)(7)(A)(ii)). To ensure that the plan results in progress toward addressing the needs of the school, the plan should include benchmarks for the evaluation of program results. **This plan may be integrated into an existing improvement plan.**
- **Annually evaluating the schoolwide plan**, using data from the State’s assessments, other student performance data, and perception data to determine if the schoolwide program has been effective in addressing the major problem areas and, in turn, increasing student achievement, particularly for the lowest-achieving students. Schools must **annually revise the plan**, as necessary, based on student needs and the results of the evaluation to ensure continuous improvement. (ESEA section 1114(b)(3); 34 C.F.R. § 200.26(c)).

Safeguarding the Interests of Historically Underserved Populations

Although a school may use Title I funds to serve all students in a schoolwide program, there are protections to ensure that low-achieving students and historically underserved populations of students do not get ignored.

- The very purpose of a schoolwide program is to upgrade the entire educational program of the school in order to raise the achievement of the lowest-achieving students. (ESEA section 1114).
- A comprehensive schoolwide plan must include strategies for —
 - meeting the educational needs of all students, including each subgroup of students defined in section 1111(c)(2) (economically disadvantaged students; students from major racial and ethnic groups; children with disabilities; and English learners). (ESEA section 1114(b)(7)(A)(i)); and
- addressing the needs of all students but particularly the needs of students who are failing, or are at risk of failing, to meet the challenging State academic standards. (ESEA section 1114(b)(6), (7)(A)(iii)).
- An LEA operating a schoolwide program must comply with all Federal civil rights laws that prohibit discrimination based on race, color, national origin, sex, disability, and age. These laws include Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title II of the Americans with Disabilities Act, the Equal Educational Opportunities Act (EEOA), Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975. In addition, LEAs must comply with the requirements under the IDEA with respect to children with disabilities. (ESEA sections 1114(a)(3)(B), 8306(a)(1)).³
- An LEA must ensure that each schoolwide program school receives funds from non-Federal sources to provide services that are required by law for students with disabilities and English learners before using Title I funds in the school. (ESEA section 1114(a)(2)(B)).
- If a schoolwide program school consolidates Federal funds, it must maintain records that demonstrate that it meets the intent and purposes of each Federal program whose funds it consolidates. (ESEA section 1114(a)(3)(C)).
- Before a schoolwide program school may consolidate Title I, Part C Migrant Education Program (MEP) funds, it must, in consultation with migrant parents, an organization representing those parents, or both, first meet the unique educational needs of migrant students that result from the effects of their migratory lifestyle, and those other needs that are necessary to permit these students to participate effectively in school. The school also must document that these needs have been met. (ESEA section 1306(b)(4); 34 C.F.R. § 200.29(c)(1)).
- Before a schoolwide program school may consolidate Title VI, Part A, Subpart 1 Indian education formula funds to LEAs, the LEA’s Indian committee, composed of parents and family members of Indian children, representatives of Indian tribes on Indian lands located within 50 miles of a school that has

Indian students, teachers, and if appropriate, high school students, must approve the inclusion of those funds and the LEA must identify how the consolidation of those funds will produce benefits to Indian students that would not be achieved if the funds were not used in a schoolwide program. (ESEA section 6115(c)).

Element 1.6: Multi - Tiered Systems of Support for Behavior

Implementation of a schoolwide tiered model to prevent and address behavior issues is supported in ESSA as a means of helping students achieve academic success. In addition, early intervening services, coordinated with similar activities and services under IDEA, are supported as well. Tiered behavior intervention and early intervening services are proactive ways of having procedures in place to address these topics at the school level. It may be wise to coordinate Title I behavior and early intervening services with already existing programs such as those in existence under IDEA.

Schoolwide tiered model to prevent and address behavior issues:

List process/activities: PBIS –

- Tier I Activities: Classroom instruction on expectations and guidance lessons
- Tier II Activities: Individual and group guidance lessons; check in/check out
- Tier III Activities: Parent/student communication; school based behavior plan

Element 1.7: Professional Development

Under ESSA, professional development activities must minimally be designed to improve instruction, provide opportunities for teachers to utilize assessment data to drive decision making, and focus on the retention and recruitment of effective teachers in high-need subject areas. Professional development activities should continue to be: high-quality, sustainable, replicable, and included opportunities for job-embedded replication at the school level.

Lafourche Parish School District embeds district wide Professional Development days in their school calendar. For 2023-24, those dates are August 3 - 4, September 5, and October 10. All school personnel participate in meaningful opportunities based on district/school needs. Element 1.8: Student Transition

Early childhood transition plans assist preschool children in the transition from early childhood programs, such as Head Start, daycare centers, or a state-run preschool program, to local elementary school programs. Plans for early childhood transition should be seamless, and without interruption. Sensitivity to cultural diversity in strategies, activities, and assessment tools should be included in the early childhood transition strategies. Also, plans for the evaluation of effective implementation should be in place.

Element 1.9: Supplement not Supplant

To demonstrate compliance, the LEA must demonstrate that the methodology used to allocate State and local funds to each Title I school ensures the school receives all of the State and local funding it would otherwise receive if it were not receiving the Title I funds. The new ESSA requirement went into effect December 15, 2017. No LEA shall be required to:

- identify individual costs or services as supplemental; or provide services through a particular instructional method or setting to demonstrate compliance. The Secretary may not prescribe the specific methodology a LEA uses to allocate State and local funds to each Title I school.

District Assurance

- I hereby certify that this plan is designed to improve student achievement with input from all stakeholders.
- I assure that the school-level personnel, including subgroup representatives responsible for implementation of this plan, have collaborated in the writing of this plan.
- I hereby certify that this plan contains the required components as mandated by the Every Student Succeeds Act.
 - **Component 1** §1114(b)(1) An eligible school operating a schoolwide program shall develop a comprehensive plan (or amend a plan for such program that was in existence on the day before the date of the enactment of the Every Student Succeeds Act that
 - is developed during a 1 year period unless....
 - The local educational agency determines, in consultation with the school, that less time is needed to develop and implement the schoolwide program; or
 - The school is operating a schoolwide program on the day before the date of the enactment of the Every Student Succeeds Act, in which case such school may continue to operate such program, but shall develop amendments to its existing plan during the first year of assistance after that date to reflect the provision of this section;
 - **Component 2** §1114(b)(2) The schoolwide plan is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators, the local educational agency, to the extent feasible, tribes and tribal organizations present in the community, and if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determine by the school;

- **Component 3** §1114(b)(3) The schoolwide plan remains in effect for the duration of the school's participation under this part, except the plan and its implementation shall be regularly monitored and revised as necessary based on students needs to ensure that all students are provided opportunities to meet the challenging State academic standards;
- **Component 4** §1114(b)(4) The schoolwide plan is available to the local education agency, parents and the public and the information contained in such plan shall be in an understandable and uniform format, and to the extent practicable, provided in a language that the parents can understand; and
- **Component 5** §1114(b)(5) The schoolwide plan, if appropriate and applicable, is developed in coordination and integration with other Federal, State, and local services, resources, and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start Programs, adult education programs, career and technical programs and schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 111(d);
- **Component 6** §1114(b)(6): A comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging state academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging state academic standards and any other factors as determined by the local educational agency.
- **Component 7** §1114(b)(7)(A)(i): The **schoolwide plan activities** include a description of:
 - Schoolwide reform strategies that provide opportunities for all children, including each of the subgroups of students (as defined in section 1111(c)(2) to meet the challenging state academic standards.
 - §1114(b)(7)(ii): Schoolwide reform strategies that use methods and instructional strategies that strengthen the academic program in the school; increase the amount and quality of learning time; and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - §1114(b)(7)(iii): Schoolwide reform strategies that address the needs of all children in the school, but particularly the needs those at risk of not meeting the challenging state academic standards, through activities which may include—
 - Counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas;
 - Preparation for and awareness of opportunities for postsecondary education and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (such as Advanced Placement, International Baccalaureate, dual or concurrent enrollment, or early college high schools);
 - Implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);
 - Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects; and
 - Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs and, if programs are consolidated, the specific state educational agency and local education agency programs and other federal programs that will be consolidated in the schoolwide program.

School Assurance:

- The plan referenced in the Schoolwide Plan template was developed with the involvement of parents and other community stakeholders.

- The plan was initially developed during a one-year period, unless the LEA, in consultation with the school, determined that less time was needed to develop and implement a schoolwide plan.
- The plan will remain in effect for the duration of the school's participation in Title I, except that the school will regularly monitor and revise the plan as necessary to ensure that all students are provided opportunities to meet Louisiana's challenging academic standards.
- The plan is available to the LEA, parents, and the public, is in an understandable and uniform format and, to the extent practicable, is provided in a language that parents/guardians can understand.
- Where appropriate, the plan was developed in coordination with other federal, state, and local services, resources, and programs, and where applicable, consistent with Comprehensive Intervention Required (CIR) or Urgent Intervention Required (UIR) activities.

Element 2.0: Adoption

This schoolwide plan has been developed jointly with, and in agreement with family and stakeholders of students at South Larose Elementary, a Title I school, as evidenced by the list of parent participants below:

- Bianca Ledet
- Diane Cheramie
- Holly Ledet
- Ashley Shaw

This schoolwide plan adopted by South Larose Elementary on September 22, 2023, and will be in effect for the 2022-2023 school year. Schoolwide plans remain in effect for the duration of the school's participation in Title I, except that schools must regularly monitor and revise their plan as necessary based on student needs to ensure that all students are provided opportunities to meet state standards. Lastly, schoolwide plans must be available to the school system, parents, and the public. The information contained in the plan should be in a language that the parents and the public can understand.

The schoolwide plan will be on the school website and will be available in the school office no later than September 22, 2023.
